

Appeal

To,

Ref: SHINE/SHAPE/ PDP center

Dear Sir,

Sub: Shandilya Personality development Centre at Toppaganahalli

For individual Success and Happiness, it is necessary that the organizations, companies and nation prosper. To achieve the above, though it is necessary that there should be development of knowledge (Logical and Creative) and skills (Both Functional and Managerial), it is not enough. In this direction role of some skills and mind set is paramount. Proper goal setting, developing positive attitude, functional skills, managerial skills, team work and certain Values are absolutely essential for all round development and progress of the nation. All these are needed for youth who are the future architects of the nation. **Youth are not useless but used less; they are not careless but cared less.** For progress and prosperity it is necessary that enormous dormant potential and capabilities are identified, nurtured and their personality developed leading to excellence. Though there are many western techniques for all these, **Indian scriptures** have lot of inputs and methodology to bring around all these developments as well as **Man making and Nation building.**

SHandilya Institute of Nurturing Excellence (SHINE) has been doing yeoman service in this area. It has trained over 4 lakh people of all levels in almost all areas in over 4000 training programmes. With support of many educational institutions it has been responsible for excellence of thousands of students.

Sri G.N.Seshadri, founder director of SHINE has delivered free talks to 60 Pre University and vocational training colleges of rural Karnataka on the topic "Personality Development". This is **was** in connection with his 60th year birthday as his contribution to the youth, Karnataka state and the nation. This was done in collaboration with the directorate of vocational training, Government of Karnataka. About 40000 students who got the benefit of these free talks have pledged to live lives of high moral values and integrity. In the same connection, the state level speech competition on the topic "Commitment and Contribution of youth for all round development of the country" was organized at 2.45 PM on Thursday the 7th February 2008 at Sri Dharmastala Manjunatha swamy Kalyana Mantap, (adjacent to Dodda Ganapathy Temple), Bull Temple Road, Basavanagudi, Bangalore 560004. In this event a total of 120 students from 60 rural colleges took part. On the same day at the same venue, valedictory function of the college talks was held, and prize distribution for the winners of the speech competition was done. The representatives of 60 colleges lit 60 lamps to symbolize 60th mark the 60th birthday of Sri G.N.Seshadri.

SHINE in association and in collaboration with SHAPE (SHandilya Association of Potential Enhancement) has been continuing the free development training of youth of Karnataka. We have conducted free workshops for students and teachers of Kanakapura taluk. **The inauguration of the free workshops at our premises at Toppaganahalli, Kanakapura Taluk, Ramanagara District (48th KM from Bangalore on Bangalore – Kanakapura Road) was performed on Sunday the 11th September 2011 by the then MLA Sri D.K.Shivakumar and the then Deputy Chairman of Karnataka State Planning Commission Sri Ramachandra Gowda. On this occasion foundation stone for the seminar hall was laid.**

Now the fully equipped multi-purpose building fully equipped with all modern facilities for training was inaugurated by Sri D.K.Shivakumar, Honorable mMinister of Energy, Government of Karnataka, Sri Ramachandra Gowda, MLC, Sri Mahima J Patel and Sri R.V.Gumaste, Managing Director, KFIL, Hospet and Solapur in the divine presence of Pujya Swami Brahmanandaji, Head, Chinmaya Mission, Karnataka on Sunday the 21st June 2015 which is declared United Nations as International Yoga Day.

Shandilya Personality Development Centre is dedicated for all-round development especially of youngsters or of Rural Karnataka.

We have very many plan of using this premises to continue to train rural people specially youth in goal setting, sharpening soft skills like Effective communication, Human relation skill, memory, developing Positive attitudes like Self Confidence, Enthusiasm, Stress Management, Time management, developing Values. The participants will be trained in Yoga, Pranayama, Meditation, Resume writing, Aptitude tests, Group Discussions, Interview facing skills, and Patriotism. In short these programmes will bridge the gap between Educated and employable. These programmes are intended to help them get employment and also become entrepreneurs.

SHAPE an NGO is conducting these programmes, free of cost, with facilities and technical support from SHINE to our rural people in whom there is lots of talents but have no exposure and affordability. At present we are conducting these on non-residential basis.

For greater effectiveness we intend conducting residential programmes, which need additional buildings, infrastructure and other facilities. This requires an additional Rs 5000000/= (Rupees fifty lakhs)

Since we are not charging any fees to the participants, we solicit your kind support including financial assistance in this nation building and man making process.

You are requested to send in your contributions to the following bank account

Account Number: 160111005098

Name of the account: SHandilya Association of Potential Enhancement

Bank: Kotak Mahindra Bank Limited
